CAREER OBJECTIVE

To find a position as a Web Developer utilizing my extensive knowledge of web development and coding as well as my experience in a wide range of programming languages and CMS applications. I am highly organized and detail-oriented with a knack for finding creative solutions to challenging problems.

EXPERIENCE

July 2003 - October 2023 -- **Principal Web Developer**

Alvaria, Inc, Westford, MA

- Established dynamic internal and external websites, landing pages, and microsites to meet the needs of the Marketing, Human Resources, and Technical Support organizations for a medium size enterprise software company.
- Administered web servers, certificates, and the backend code of multiple CMS applications, including WordPress, Sitefinity, SharePoint, and Salesforce.
- Followed best practices to optimize SEO and increase organic traffic to the corporate website.
- Implemented responsive design principles to ensure mobile compatibility of websites.
- Collaborated with outside vendors to implement integrations with Salesforce.

October 2002 - July 2003 -- **Senior Web Developer**

Varuna Design & Advertising, Manchester, NH

- Built custom websites to meet individual client needs using HTML, CSS, PHP, and MySQL. Worked closely with designers and project managers to understand their requirements and deliver projects on time.

February 2000 - September 2002 -- **Web Engineer**

Caldera/Acrylis, Chelmsford, MA

- Maintained web application using HTML, CSS, Java, and JSP.
- Developed custom website to meet the needs of the Marketing Department.
- Wrote Java and JSP code for web pages and the web application.
- Created clean, well-documented custom code and updates.

COMMUNITY SERVICE
